Experienced with front and backend Web Development, primarily utilizing JavaScript and CSS. Proficient in utilization and navigation of various web hosting platforms. I am interested in a position where I can contribute to a great company culture while furthering my knowledge and experience as a diligent, productive, web developer.

SKILLS/HIGHLIGHTS

- Full-Stack JavaScript Developer
- Multiple web hosting platform experience, including WordPress
- Ability to multi-task in a fast-paced environment
- Ability to thrive in a virtual or technology-based environment
- Customer Service Experience
- Data entry proficient
- Experience with MS offices and Adobe

EXPERIENCE

FREELANCE WEB DEVELOPER MARCH 2018 – PRESENT

Design and/or code applications using different web hosting platforms such as CSS, XHTML, JavaScript, and more. Using technology to bring ideas and visions to life. Meet with clients to review, gather information and specification for new or existing websites. Handle all verbal, digital and written communication between hosting companies, clients, and vendors. Continue to design, build and maintain multiple applications and websites for a variety of clients.

CVS: HEALTHCARE COORDINATOR/INVENTORY SPECIALIST/PHARMACY TECHNICIAN FEBRUARY 2014 – PRESENT

Enter new patient profiles and prescriptions into medication input software system. Communicate directly with doctor's offices via telephone, fax and email. Work closely with pharmacists and use medication input software to dispense medication safely and accurately. Communicate with all customers and staff in a pleasant and professional manner. Appropriately resolve customer issues, complaints and questions. Recognized by company management as great team leader. Maintain pharmaceutical inventory. Assist patients with various processes related to their healthcare including illness testing assistance. Trusted because of continued commitment to company principles, community impact and ability to adapt and develop new skills.

COLONIAL LIFE: ACCOUNT EXECUTIVE DECEMBER 2018 – JULY 2020

Worked with businesses to install or enhance employee benefits packages. Gained, maintained and managed existing clientele, utilizing a variety of methods including cold calling, different platforms and applications. Built a robust catalog and book of business with local business owners, helping many businesses install lifesaving plans improving the lives of at least 70% of employees.
